446s Chain Saw

High-performance, professional-grade chain saw in a compact package. Features include Easy-to-Pull, a recoil starting system that makes starting a breeze, and an inertia chain brake that provides superior operator comfort and convenience.

Ideal for farm, home or commercial applications, the high performance professional 446s offers superior power-to-weight ratio. Features include Easy-to-Pull recoil starting system and inertia chain brake.

Engine features chrome plated cylinder; forged crankshaft and connecting rod, Woodruff keyed flywheel for extended service life

Close ported cylinder for high performance

Front handle made of lightweight aluminum alloy

Clutch-driven oil pump is die-cast and adjustable—no oil at idle

Recoil rope guide is fully replaceable

Ergonomic design for more comfortable handling

Full anti-vibration system for reduced operator fatigue

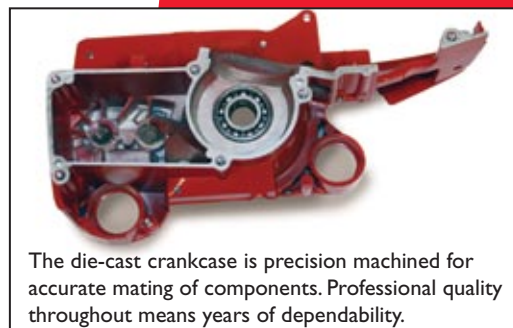

Dual-post front hand guard controls effective inertia chain brake system

Single thumbscrew access to spark plug and air filter

Fuel tank features a large opening for easy filling. Raised tank lip helps keep out debris.

Easy-to-Pull recoil system provides quick and effortless starts. Starting is quick and easy.

The die-cast crankcase is precision machined for accurate mating of components. Professional quality throughout means years of dependability.

Dual-post front hand guard operates an inertia chain brake system for fast, positive braking.

Chain adjustment screw is positioned at 45° angle for easy access.

Specifications

Displacement 44.6 cc (2.7 cu in)

Output 2.3 kW (3.1 hp)

Dry Weight* 4.5 kg (9.9 lbs)

Bar Length 40 to 50 cm (16 to 20 in)

Fuel Capacity 540 ml (18.2 oz)

Oil Tank Cap. 270 ml (9.1 oz)

*Powerhead only

Features

- Boot-mounted Walbro WT carburetor delivers excellent acceleration from clutch engagement through full throttle and reduces heat transfer from the engine.

- 1-piece CDI ignition system for quick, easy starts. RPM limiter protects engine from overspeeding.

- Convenient integrated Choke and Fast Idle Speed control for easy starting.
