

shindaiwa

EB8510RT Backpack Blower

NEW

The most powerful backpack blower available delivers nozzle velocity up to 224 MPH and maximum air flow of 762 CFM.

Plus, Shindaiwa's C4 Technology® engine provides remarkable power with low noise, low emissions, and excellent fuel economy.

shindaiwa

EB8510RT Backpack Blower

Round, compact design reduces snagging

Durable 2-stage air filter system with extra-large surface area and "self-cleaning" main filter

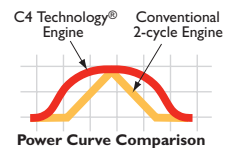

Tool-free, easy access air filter

Chrome plated cylinder, 2-ring piston and heavy-duty ball bearings for long-life durability

Throttle Cruise function for sustained hand-off operation

Shindaiwa's C4 Technology® delivers the best of both 2-stroke and 4-stroke engines. Stronger. Smoother. Quieter.

- Incredible torque under load.
- Quick throttle response.
- No sump. No dipstick. No oil changes.
- Uses 50:1 mixed fuel.
- Excellent fuel economy.
- Emissions reduced by 75%.
- Meets EPA Phase II emissions standards.

Throttle Control Option

The Shindaiwa Model EB8510RT features a pistol-grip throttle control handle with cruise control, adjustable angle and a special "Hush Mode" feature not found on any other backpack blower.

High Velocity Nozzle Option

The Shindaiwa EB8510RT is available with a small-diameter nozzle (65 mm) to provide increased air velocity.

Standard 74 mm tube

Optional 65 mm nozzle

Specifications

	EB8510RT	EB8510
Displacement	79.7 cc	79.7 cc
Weight without tubes	24.5 lbs	24.7 lbs
Air flow with all tubes	762 CFM	762 CFM
Air flow with optional 65 mm nozzle	705 CFM	705 CFM
Average velocity with all tubes	186 MPH	186 MPH
Velocity with optional 65 mm nozzle	224 MPH	224 MPH

Additional Features

- Barrel valve Walbro carburetor for excellent throttle response.
- Reduced emissions, low engine noise.
- Excellent fuel economy; runs up to 20% longer on a tank than comparable 2-stroke engines.
